PREFACE

The incidents attendant upon the Fiftieth Anniversary of Baker University in 1909 increased the interest already quite general among the friends of the college that a record should be prepared in which the history and development of the university should be set forth, probably in a form for reference and reminder. At that time the Trustees ordered that such a publication should be made ready and Dean O. G. Markham was directed to collect and edit the material. He began the work, but two things have prevented an earlier completion of the task. First, the routine of duties belonging to his usual work allowed only fractions of time at different intervals. A more serious hindrance was the limited amount of original material from which to gather the facts. It seemed desirable to go beyond the meager records remaining of the official acts of the school in its earlier years to see what contemporaneous accounts might show in the newspapers published in the same years of Kansas history. This investigation gave some definite data, as well as satisfied the query as to whether there might be such data.

It is a pleasure to speak of the valuable service given by Miss Lilian Scott, through recent years, in her active participation in bringing together some of the scattered records and accounts, and in her helpful and constructive labors to make the published data of this volume to be as full and as accurate as they are.

The editor would acknowledge his obligations to the many persons who have contributed favors and have replied so courteously to his inquiries for information; to former President Murlin and to President Mason for their encouragement and consideration while this special labor has been in hand; to the Trustees for their provision for this opportunity to contribute some evidence of an abiding interest in an institution which has favored him with a place in which to work.

Probably no one is more aware of the deficiencies in this published work than the editor himself. Any suggestion to make such a record as this purports to be more satisfying, both as to the method of its contents and the accuracy and completeness of its data, will be thankfully received.

The information as to addresses and the like is to be considered as extending to April 1, 1917.

OSMON GRANT MARKHAM.

ANNALS OF BAKER UNIVERSITY

This record of events in the history of the school continues to the close of the first twenty-five years.

May 30, 1854. The Kansas-Nebraska Bill became a law, organizing the Kansas Territory and thus opening it to settlement.

June 3, 1854. The following letter from the Secretary of the Board of Bishops of the Methodist Episcopal Church shows how the church took official recognition of its religious responsibility in this new Territory:

"Rev. W. H. Goode.

"Dear Brother: It is understood that emigration is tending largely to Nebraska (a name then embracing both Territories). It seems probable that the Church ought soon to send some devoted missionaries to that country. But there is not such a knowledge of details respecting the topography and population of these regions as to enable the Church authorities to act understandingly in the premises. You are therefore appointed to visit and explore the country as thoroughly as practicable, for the purpose of collecting information on these points. In performing this work you will be governed by your own judgment, and make full reports in writing of your labor and its results, so that it may be known how many ministers—if any—should be sent, and at what particular points they should be located.

"Yours truly,

"E. R. AMES,

"Bishop Methodist Episcopal Church."

July 9, 1854. In carrying out this plan, Rev. W. H. Goode traveled overland by wagon and horses from Richmond, Ind., to Westport, Mo., arriving there July 3d. After a few days in preparation, he entered Kansas territory, and on Sunday, July 9th, in company with Dr. A. Still, of the Wakarusa Mission, Friend Mendenhall, a teacher from the Quaker Mission, and several others, he stopped at the cabin of a man named "Kibbee," who lived at "Hickory Point." (Note.—About a mile north of Baldwin City.) Little expectation was had of a ministerial visit; but the host and one or two others invited the settlers to assemble for preaching. About noon the company was collected and before these Dr. Goode opened his commission by preaching from Math. 24, 14: "And the gospel of the Kingdom shall be preached in all the world for a witness unto all nations: and then shall the end come." This was the first sermon preached under any regular appointment to the white settlers of Kansas Territory, under the authority of the Methodist Episcopal Church.

Oct. 23, 1856. From this beginning this church has grown so that in October, 1856, in the Kansas-Nebraska Territory, there were three presiding elders to supervise the work in twenty appointments, having a membership of 1,207, with twenty Sunday Schools, reporting an enrollment of 482. To care for this field more directly the Kansas-Nebraska Annual Conference was organized at Lawrence, Kansas Territory, Oct. 23, 1856, with 13 charter members, Bishop Osmon C. Baker, presiding. These are the charter members: Levin B. Dennis, William Butt, Charles H. Lovejoy, Abraham Still, Joseph Denison, Thomas J. Ferrill, William H. Goode, Isaac F. Collins, W. D. Gage, John W. Taylor, John M. Chivington, Benjamin F. Bowman, J. T. Cannon. The Committee on Education, among other things, reported: "The committee is of the opinion that the Kansas and Nebraska Conference

should avail itself through its members of the earliest opportunities to secure favorable sites for seminaries of learning or universities under our own immediate management and control and to take such preliminary measures as may be necessary to secure titles to the same and to secure the passage of such legislative acts as may be necessary to constitute boards of trustees who may hold such property, real estate, personal or mixed, for the use and benefit of such seminaries or universities; and to secure grants of land and other property to aid in building and endowing such institutions of learning within our bounds." The Conference approved this report and further: "Resolved, that each presiding elder be requested and is hereby instructed and authorized to give especial attention to the subject of education. And where land and tenements can be secured by donation for educational purposes, they take such measure as may be necessary to secure in fee simple such land for seminaries or universities, and their building and endowment by legislative action and otherwise."

March 17, 1857. An Educational Convention of the Methodist Episcopal Church in Kansas Territory, consisting of the preachers, traveling and local, was called together by the presiding elders, meeting at the home of James Still, at Blue Mound (8 miles north of Baldwin City), to take steps towards founding a University. A committee reported as follows: "Whereas, the educational interests of the Methodist Episcopal Church in Kansas, in view of the rapid settlement of the same, demand of the friends of education and of the church, immediate and energetic action and, whereas, many of us have seen, on the one hand, the long, hard struggles of our church in the older conferences, in behalf of education, and, on the other hand, the proud and successful efforts of the Papacy in securing land in the new states and territories for her churches and institutions of learning, therefore; Resolved, first, that a committee of nine be appointed to draft a plan for the erection and support for a Methodist University in Kansas, also to receive proposals and examine location and report at our Annual Conference in April next. Resolved, second, that the preachers be requested to give this subject their special attention and report on location and proposals to the committee of nine at our next Annual Conference."

Pending the discussion of this report, which was entirely preliminary, a committee was raised from parties present to receive proposals and to report the next morning. The Educational Convention, in the meantime, adjourned to meet at Palmyra, which was some eight miles away, convening at the home of Henry Barricklow (by coincidence the same home as the Kibbee cabin) on the next day, March 18th. Proposals for the new University were made from Blue Mound, Prairie City, Centropolis, Topeka, Palmyra and Lawrence. The Palmyra proposition was accepted, which was: "The Palmyra Association agrees to secure to the Trustees of the Methodist University, said University to be located at Palmyra, 800 acres of land near and adjoining the city of Palmyra, 640 of which are secured by a 'float.' Also, to take twenty thousand dollars of stock in the University lands." By motion of Rev. Abraham Still, M. D., the University was named "Baker University," by a unanimous vote, in honor of Bishop Osmon C. Baker, the president of the first session of the Kansas-Nebraska Conference.

The Palmyra Association was a company of five men whose organization was to build a town on the Santa Fe Trail, township 14, range 20, west half of section 34. The authorized survey of this town shows that it was half mile on the south line. The members of the Association were: Henry Barricklow, Major James B. Abbott, James G. Blood, Dr. Andrew T. Still and Daniel F. Fry. Mr. Abbott and Mr. Blood had their homes in or near Lawrence. The remaining three members had their homes at Palmyra.

The "float" of 640 acres is the original town-site of Baldwin City and lay immediately south of Palmyra. It was owned by Jacob Hall, Independence, Mo., and is said to have been secured by the Palmyra Association for \$3,000.00.

ANNALS

March 18, 1857. A Joint Stock Education Association was organized, under the following Committee report:

"We, the undersigned, members of this convention, do hereby organize an Association under the name and title of Kansas Educational Association of the Methodist Episcopal Church.

"The officers of this Association shall be a President, two Vice-Presidents, a Secretary, a Treasurer, an Auditor and nine Trustees.

"The valuation of each share of the property of this Association shall be \$.....

"The proceeds of all property acquired by this Association for the erection and endowment of a University at Palmyra, Kansas, shall be applied to the same to the amount of Three Hundred Thousand Dollars—after which the dividend shall be applied as the Association may direct.

"Furthermore, the proceeds of all property acquired by this Association for the erection of buildings and endowment to Seminaries in particular localities shall be applied to the same to the amount of One Hundred Thousand Dollars each, after which the dividends shall be applied as the Association may direct."

The report was adopted.

The following named persons were chosen officers of the Association, to serve until a Constitution could be adopted and officers chosen under it:

L. B. Dennis, A. Still, J. M. Still, C. H. Lovejoy, A. L. Downey, W. G. Piper, Ira Flackford, T. J. Ferrill, Wm. Moore, B. F. Bowman, J. S. Griffing, R. P. Duvall, B. C. Dennis, Wm. Butt, Walter Oakley, W. Marlatt.

"The object of this Association shall be to promote the cause of education in Kansas, under the patronage of the Kansas and Nebraska Annual Conference of the Methodist Episcopal Church and the mutual benefit of the members of the Association."

March 18, 1857. "Palmyra is situated southeast of Topeka, south of Lawrence about twelve miles, on the Santa Fe road, in one of the most beautiful and picturesque spots in Kansas. The University site is a very commanding one. Turn your eye which way you will, you cease to see objects only because the eye becomes weary with the distance; yet it is on a handsome swell but little above the surrounding prairie. One of those beautiful upland groves, so uncommon in Kansas, and perhaps so attractive because in Kansas, graces the eastern slope of the site of 'Baker University.' The city of Palmyra lies about one-half mile to the west. There is an extensive body of timber, young and thrifty, very good limestone, sand stone, and water can be reached only a few feet from the surface, even at the highest points. We predict a glorious and enviable future to the young city of Palmyra." (A statement furnished by the Secretary of the Association.)

April 16, 1857. At the session of the Kansas-Nebraska Annual Conference, held at Nebraska City, N. T., April 16-20, 1857, the following report of the Committee on Education was adopted:

"Whereas, It being known that A. Still and L. B. Dennis hold bonds to the amount of seven hundred acres of land donated by the Palmyra Association and others for the purpose of erecting and endowing an institution of learning, to be under the patronage of the Kansas and Nebraska Annual Conference of the Methodist Episcopal Church, to be called the 'Baker University,' and that a majority of the ministers of this conference had resolved themselves into a joint stock association, under the name and title of the 'Educational Association of the Methodist Episcopal Church in Kansas Territory,' and that they propose to take the above named lands and apply the proceeds thereof to the above named purpose, until the erection and endowment of the University shall have cost Three Hundred

Thousand Dollars besides the funds that may arise from the sale of scholarships, and that they propose also, as soon as the buildings and finance of the Institution are in condition to be used, that they will deed to the Kansas and Nebraska Annual Conference, or to the Kansas Conference if divided, the University with suitable grounds and all the apparatus belonging to the Institution. Therefore,

"Resolved, That the said A. Still and L. B. Dennis are hereby ordered to assign all the bonds and instruments of writing by which they hold any property of this Conference to the Trustees of the said Educational Association. And be it also

"Resolved, That said Educational Association is hereby authorized to erect and endorse as many institutions of learning as they may deem expedient, and place them under the patronage of this Conference."

The Educational Association of the Methodist Episcopal Church formed a permanent organization, adopted a Constitution and By-Laws, and elected officers for one year, as follows: President, L. B. Dennis; First Vice-President, C. H. Lovejoy; Second Vice-President, A. Still; Recording Secretary, Walter Oakley; Treasurer, Wm. G. Piper; Financial Agents, L. B. Dennis and Walter Oakley. Executive Committee: Rev. William Butt, Rev. Ira Blackford, Rev. Walter Oakley. Trustees: Rev. R. P. Duvall, Rev. B. F. Bowman, Rev. Jas. S. Griffin, Rev. W. Marlatt, Rev. E. H. Robertson, Rev. A. L. Downey, Rev. B. C. Dennis, Rev. T. J. Ferrill, Rev. William Moore.

April 17, 1857. "Any preacher of the Methodist Episcopal Church living in the bounds of Kansas at the time of the adoption of the Constitution of the Kansas Educational Association shall be entitled to membership in the Association, providing he purchase \$100.00 worth of property. Any preacher of the Methodist Episcopal Church who may settle in Kansas after the adoption of the Constitution of the Association shall be entitled to membership on the terms before mentioned."

Nov. 7, 1857. The Quindaro Chindowan—editor, J. M. Walden (later Bishop Walden)—has a news article entitled "The Baker University—The First College in Kansas."

Dec. 23, 1857. The shares in the Kansas Educational Association were fixed at \$100.00 each. Also, the following action was taken:

"Resolved, That our forms of deeds, bonds, certificates or any other instruments of writing by which any of the property of this Association may be conveyed, or by which they are held bound to convey, be so written as to prohibit forever the use of said property or any part thereof from being used as a place of making or vending intoxicating liquors." (An early day prohibition feature maintained through the years since.)

Feb. 3, 1858. Charter of the Kansas Educational Association of the Methodist Episcopal Church:

Be it enacted by the Governor and Legislative Assembly of the Territory of Kansas:

Section 1. That L. B. Dennis, A. Still, C. H. Lovejoy, Ira Blackford, W. J. Piper, T. J. Ferrill, Wm. Butt, N. Taylor, and their associates and successors, are hereby constituted a body politic and corporate, under the name and title of the Kansas Educational Association of the Methodist Episcopal Church, and by that name shall have perpetual succession, and a common seal; may sue and be sued, plead and be impleaded, defend and be defended, in any court of law or equity; and shall have full power to hold, by gift, grant, devise, purchase or otherwise, any land, tenements hereditaments, moneys, rents, goods and chattels, of whatsoever kind, which have been heretofore, or may hereafter be given, granted, or devised to, or purchased by them for the benefit of said Association, and may sell

ANNALS

and dispose of the same, or any part thereof, or lease, or rent, or improve the same, in such manner as they shall deem most conducive to the interests of said Association.

Sec. 2. That the objects of this Association are, and shall be, the promotion of education in Kansas under the patronage of the Kansas and Nebraska Conference of the Methodist Episcopal Church, or such Conference as may be hereafter formed out of said Conference within the bounds of the territory of Kansas.

Sec. 3. That it shall be lawful for this Association to locate a University, to be called BAKER UNIVERSITY, at the town of Palmyra, or within one mile of said town; also to locate other seminaries of learning in such places and of such grades as may be deemed best for the cause of education.

Sec. 4. That the proceeds arising from the sale of any property belonging to this Association shall be appropriated to the BAKER UNIVERSITY, as the said Association may direct, to the amount of at least three hundred thousand dollars, except such property as may be purchased or donated for other purposes.

Sec. 5. That the Association shall have the power to make all rules, by-laws and regulations necessary to carry out the provisions of this Act.

Sec. 6. That all the property or funds, real, personal or mixed, that may be received, held or appropriated, by or for said Association, for the exclusive purpose of religion or education, including a cemetery not exceeding forty acres, shall be forever exempt from taxation.

Sec. 7. That, in case said corporation shall hereafter at any time receive, by gift, grant or devise, any number of acres of land exceeding one township of land, they shall be and are hereafter required to sell and dispose of the same, within twenty-five years from the date of such gifts, grant or devise; and said corporation are hereby expressly limited to the holding, at any one time, of more than one township of land, except when received by gift, or devise, as aforesaid, in which case they shall dispose of the same within the time aforesaid.

This Act to take effect and be in force from and after its passage.

Feb. 12, 1858. Charter of Baker University:

Be it enacted by the Governor and Legislative Assembly of the Territory of Kansas:

Section 1. That L. B. Dennis, Ira Blackford, Charles H. Lovejoy, Walter Oakley, N. Taylor, Homer H. Moore, James Shaw, Curtis Graham and William Butt, of the Kansas and Nebraska Conference of the Methodist Episcopal Church, and such other persons as shall, or may hereafter, be appointed by the Kansas Conference, or subdivisions of the said Kansas Conference of the said Methodist Episcopal Church, to succeed them, be, and they are, hereby created and constituted a body politic and corporate, under the name and style of the Trustees of the BAKER UNIVERSITY, and henceforth shall be styled and known by that name, and, by that name and style, to remain and have perpetual succession, with power to sue and be sued, to implead and be impleaded; to acquire, hold and convey property, real, personal or mixed, in lawful ways; to have and use a common seal, and to alter same at pleasure; to make and alter from time to time such by-laws as they may deem necessary for the government of said institution, its officers and servants: Provided, Such by-laws are not inconsistent with the constitution of the United States and the organic Act; and to confer on such persons as may be considered worthy such academical or honorary degrees as are usually conferred by similar institutions.

Sec. 2. That the term of office of said Trustees shall be four years; but they shall hereafter, at the regular Annual Conference aforesaid, in

ANNALS

1859, so arrange by lot that the term of office of one-fourth of their number shall expire annually; and said board shall, in the manner above specified, have perpetual succession and shall hold the property of said institution solely for the purpose of education, and not as stock for the individual benefit of themselves, or any contributor to the endowment of the same. No particular religious faith shall be required of those who become students of the institution. Nine members shall constitute a quorum for the transaction of any business of the Board, except the election of President or Professor, or the establishment of Chairs in said institution, and the enactment of by-laws for its government, for which the presence of a majority of the Board shall be necessary; Provided, That the Trustees hereafter selected shall not exceed thirty-two in number, who shall be fairly appointed among the respective Conferences having the selection thereof, as hereinbefore provided.

Sec. 3. That the said Annual Conferences of the Methodist Episcopal Church, under whose control and patronage said University is placed, shall each also have the right to appoint annually two suitable persons, members of their own body, visitors to said University, who shall attend the examination of students, and be entitled to participate in the deliberations of the Board of Trustees, and enjoy all the privileges of members of said Board, except the right to vote.

Sec. 4. That the said institution shall be, and hereby is, permanently located at Baldwin City, in the Territory of Kansas, and the corporators and their successors shall be competent, in law or equity, to take to themselves, in their said corporate name, real, personal or mixed estate, by gift, grant bargain and sale, conveyance, will, demise or bequest, of any person whatsoever; and the same estate, whether real, personal or mixed, to grant, bargain, sell, convey, demise, let, place out at interest, or otherwise dispose of the same, for the use of said institution, in such manner as to them shall seem most beneficial to said institution. Said Corporators shall faithfully apply all the funds collected, as the proceeds of the property belonging to the said institution, supporting the necessary officers, instructors, servants and agents, and procuring books, maps, charts, globes and philosophical, chemical, and all other apparatus necessary to the success of said institution, under the restrictions imposed: Provided, nevertheless, That, in case any donation, demise or bequest shall be made for particular purposes, accordant with the design of the institution, and the corporation shall accept the same, every such donation, demise or bequest shall be applied in conformity with the express conditions of the donors or devisors: Provided further, That said corporation shall not be allowed to hold more than two thousand acres of land at any one time, unless the said corporation shall have received the same by gift, grant or demise; and in such case they shall be required to sell or dispose of the same within ten years from the time they shall require such title, and on failure to do so, such land, over and above the before named two thousand acres, shall revert to the original donor, grantor, devisors or their heirs.

Sec. 5. That the Treasurer of the institution, and all other agents, when required, before entering upon the duties of their appointment, shall give bond for the security of the corporation, in such penal sum and with such securities as the corporation shall approve; and all processes against the corporation shall be by summons, and the service of the same shall be by leaving an attested copy thereof with the treasurer at least sixty days before the return day thereof.

Sec. 6. That the corporation shall have power to employ and appoint a President or Principal for said institution, and all such Professors or Teachers, and all such agents or servants as may be necessary, and shall have power to displace any or such of them as the interest of the institution may require; to fill vacancies which may happen by death, resignation

ANNALS

or otherwise among said officers or servants; and to prescribe and direct the course of studies to be pursued in said institution by and with the advice and consent of the President and Professors thereof.

Sec. 7. That the corporation shall have power to establish departments for the study of any and all the learned and liberal professions in the same, to confer the degrees of Doctor in the learned arts and sciences and *belles lettres*, and to confer such other academical degrees as are usually conferred by the most learned institutions.

Sec. 8. That the said institution shall have power to institute a Board of competent persons, also including the Faculty, who shall examine such individuals as may apply, and, if such applicants are found to possess such knowledge pursued in such institution as, in the judgment of said Board, renders them worthy, they may be considered graduates in course, and shall be entitled to diplomas accordingly on paying such fees as the corporation shall affix; which fee, however, shall in no case exceed the tuition bills of the full course of studies in said institution. Such Examining Board may not exceed the number of ten, three of whom may transact business, provided one be of the Faculty.

Sec. 9. That, should the corporation at any time act contrary to the provisions of this charter, or fail to comply with the same, upon complaint being made to proper court of the county in which said University is situated, a *scire facias* shall issue, and the proper attorney shall prosecute in behalf of the people of the territory for forfeiture of this charter. This act shall be a public act, and shall be construed liberally in all courts, for the purpose herein expressed.

April 16, 1858. The charter secured from the Territorial Legislature for the Kansas Educational Association of the Methodist Episcopal Church was accepted for reorganization, with these officers: President, L. B. Dennis; Vice-President; J. Welch; Secretary, Walter Oakley; Treasurer, N. Taylor; Agent, Wm. Butt.

April 16, 1858. Membership in the Kansas Educational Association opened to any professor of any institution under the patronage of the Methodist Episcopal Church in Kansas, provided he purchase the \$100.00 worth of property.

April 16, 1858. Milton Baldwin, A. M., son of John Baldwin, Berea, Ohio, for whom Baldwin City is named, elected to take charge of the Preparatory Department of the University. After a short illness he died Aug. 30, 1858; burial in the old cemetery south of town.

John Baldwin was born at Bramford, Ct., Oct. 13, 1799. Although without education himself and without fortune, he won name and influence during the century in which he lived. Christian education for poor boys and girls was the ruling passion of his life. His marriage, in 1828, to Mary D. Chappel gave him a sympathetic partner in all his plans. He bought a tract of land in the Western Reserve, in northern Ohio, and came with his young bride to Middlebury Township, Cuyahoga County, Ohio. From this primitive settlement sprung the town of Berea, Ohio, her schools and the famous stone quarries. Mr. Baldwin was a shrewd New England business man, very frugal in his life and habits.

In 1845, Baldwin Institute, at Berea, Ohio, was chartered and named in his honor. In 1855 the name was changed to Baldwin University. In 1871 the official report from the school gave the information of the value of his gifts as amounting to \$127,700. Other gifts to German Wallace College added largely to this generous sum for that locality.

In 1867 he bought property in Louisiana and provided for schools, both for white children and for black. The Freedman's Aid Society now has the control of the colored school.

ANNALS

Baldwin High School for Boys and Baldwin High School for Girls, both at Bangalore, India, are products of his wisdom and munificence.

In 1857 he came to Kansas Territory. After an investigating visit he returned later and with his son, Milton, he brought the machinery equipment for a steam mill. This was located near Fifth and Indiana streets, and was a great advantage to the newly opened country. The sudden illness and death of his son, Milton, was so great a sorrow that he could no longer live here, and he therefore abandoned all his plans in relation to Kansas. During the years of his life after this he would scarcely refer to this experience, and then only to speak of "his Kansas failure." His family report that his experience in Kansas was a financial loss of \$3,000 in gold.

John Baldwin died Oct. 28, 1884, at his home in Louisiana, and was buried at Berea, Ohio.

April 15-19, 1858. The session of the Kansas-Nebraska Annual Conference, held at Topeka, K. T., adopted this report from the Committee on Education:

"The section of land reported at our last conference session, donated by the Palmyra Town Association for educational purposes, and which was transferred to the trustees of the Kansas Educational Association of the Methodist Episcopal Church, has been regularly laid out into a town, to which has been attached the title of Baldwin City. A considerable amount of stock has been disposed of, and the proceeds thereof appropriated to educational purposes, in pursuance of a contract between this body and the Educational Association.

"By order of the Board of Managers there is now in course of erection a stone schoolhouse, 24 by 40 feet, to be at least two stories high. (Note.—This is now called 'The Old Castle.')

"The foundation of a Preparatory Department of the Baker University has also been laid, which is to be 50 by 100 feet, three stories high. (The location of this building was near Science Building.)

"Liberal charters have been procured from the Legislature of Kansas Territory, both for the Association and University. Notwithstanding the pressure, the Association feel greatly encouraged to continue their efforts in the good cause of education."

September, 1858. Rev. Werter R. Davis, A. M., elected President of Baker University and agent of Kansas Educational Association.

Nov. 22, 1858. The first day of school for Baker University. Without ceremony of any kind known to later days, the beginning was made. A lime-stone building, three stories high, 24 ft. by 40 ft., with flat roof, and a belfry on the east end, "like an inverted kettle" (as a student fifty years later said), had been erected on lots 15 to 19, Fifth street. It was considered a temporary structure and for that reason was not erected on the "College Park," as the campus was named. The third story was built by the local lodge of Masons, and they were thereby given lease for its use for a period of (blank) years. The school began with the Preparatory Department only, having about twenty pupils.

Prof. Byron Rush Cunningham, A. M., of McKendree College, was the instructor and bore the title "Principal of the Preparatory Department."

Mrs. Minerva R. Davis, the wife of President Davis, gave instruction in music.

The enrollment by the close of the term had reached nearly fifty.

The cost of the building was about \$3,250.00.

"The College building, for it was dignified with that name, was the center of influence and activity and the value of lots was determined by

their proximity to it. It was the 'College building,' and that made it sacred; for it covered the embryo out of which in our thought was to come every form of culture and refinement and mental power. It was the Mother, Sweet Mother, in prospects of yet unborn sons and daughters who were to represent every possibility. It was every thing. It was at once the College, the Church, the Town Hall and the Lyceum. Its capacious hall of 24x40 rang in turns now with the hum of the school room and now with the voice of God's messengers and the responsive shouts of his Saints, and now with the wild stirring oratory of the grim chieftain of Kansas, who bade his scared auditors 'remember that General James H. Lane watched over them as a father over his children.' Here were held religious revivals, political rallies and school exhibitions. Here met the old Philopœthian Society, the Herald in Kansas of equal rights and privileges between the sexes and where boys and girls stood side by side upon the same platform and contended for oratorical honors without prejudice. Memorable Hall! It ought to be preserved for a museum for antiquities. Its walls could tell stories that would be poems and in it the antiquary would be in touch with the beginnings of Kansas civilization."

Jan. 1, 1859. Advertisement (in the Kansas Messenger, vol. I, No. 1, Jan. 1, 1859, published at Baldwin City, K. T.): "Baker University—Rev. Werter R. Davis, A. M., M. D., President. The Preparatory Department of this institution opened its first term on the 22 ult. (Nov. 22, 1858), to be continued thirteen weeks. Instructions will be given, if called for, in all the branches, solid, classical and ornamental. Expenses—Tuition in the Preparatory Department, per term, \$7.00; tuition in the Preparatory English, per term, \$6.00; tuition in Common School branches, per term, \$4.00; tuition in College branches, per term, \$8.00; lessons upon the Piano or Melodeon, per term, \$10.00; contingencies, per term, \$1.00. Board, per week, \$3.00. College fees invariably in advance."

Feb. 4, 1859. Baldwin City incorporated by Territorial Legislature.

April 13, 1859. The College Park (now the Campus), containing 21 acres, transferred to the Trustees of Baker University by the Kansas Educational Association.

The first meeting of the Board of Trustees of Baker University at Omaha, N. T., at the Conference session.

The action of the Kansas-Nebraska Annual Conference was as follows:

"This Conference, at its session in Nebraska City in 1857, did enter into an arrangement to receive from the Palmyra Association the donation of a tract of land for the purpose of erecting and endowing an institution of learning, to be under the patronage of the Kansas and Nebraska Conference of the Methodist Episcopal Church, to be called the Baker University.

"A considerable amount of stock has been disposed of, and the proceeds thereof appropriated to educational purposes, in pursuance of the contract between this body and the Educational Association.

"It is thought that the present prospects may justify the organization of a full college faculty, at the commencement of the next educational year.

"The Educational Association are now prepared to comply with their contract with this Conference, and deed to the Trustees of Baker University the Park known as the College Park, in Baldwin City, containing 21 acres; and until a suitable building for college purposes can be erected they tender to the Board the use of the first and second stories of the present building.

"Your committee would recommend the adoption of the following:

"Resolved, That this Conference pledge its best efforts to build up and sustain Baker University as the one great University in Kansas."

ANNALS

April 13, 1859. Committee appointed by the Kansas Educational Association to consider the establishment of a Medical College in Leavenworth, as a branch of Baker University. In April, 1860, a Medical Department was created by affiliation with the College of Physicians, and Dr. C. A. Logan was appointed Dean of the Medical Faculty. (It does not appear that these plans were ever carried out.)

Feb. 9, 1860. From news-letter by Pres. W. R. Davis:

"This is not now a land of bloody strife as heretofore, but those who sought to destroy and murder have fled away, and an intelligent and religious people are here engaged in agricultural pursuits and all the arts of civilized life. They are actively at work making farms, building houses, mills, colleges, towns and cities. The whole country is undergoing a change as though a magic hand were at work causing the wilderness and solitary place to rejoice and blossom as the rose. The soil is fertile, the climate salubrious, the prairies undulating, and the streams are pure and beautifully skirted with timber.

"Baldwin City occupies a most beautiful place. It is in Douglas county, on the Santa Fe road, about an equal distance from all the great commercial marts on the Missouri river, and in the midst of the best cultivated portion of the territory. It is surrounded by rich lands, an abundance of water, building materials of every kind, and plenty of coal and timber. There are about three hundred inhabitants in the town, four stores, two hotels, two mills and a goodly number of mechanic shops of various kinds.

"We are now in the midst of one of the most glorious revivals of religion I have ever witnessed. We have had a pentecost for the last four weeks. The Holy Ghost has been poured out upon us almost incessantly since that time, and the people have been speaking the language of Zion and proclaiming the wonderful works of God. About one hundred have been converted to God and joined the church. The students in the college have shared in the heaven-sent revival and the most influential citizens have been its subjects. Our pastor, Rev. Mark Robertson, Elder Dennis, Rev. Leard, Rev. Piper and Rev. Parker labored for God in this glorious work, and their labors were not in vain in the Lord. Baldwin City charge numbers over two hundred.

"The German Methodists have organized. They held their quarterly meeting last Sabbath, and had a good time.

"The Presbyterians have also organized, and will build a church immediately. The truth is, there is scarcely an indigenous person in this community. Baker University is located here. A good three-story college building was finished last fall. About one hundred students have been enrolled. The college society had a very interesting exhibition at the close of the term. Professors Cunningham, Parker and Leard are doing well. The University lands have just been relieved from a very embarrassing debt, which has inspired the friends of the institution with life and energy. We are now prepared to give deeds to all who may purchase property from us. Those who have purchased should report the number of the share and the numbers of the lots of which it is composed, that record may be made accordingly, and if they have paid their indebtedness they may, if they wish, receive their deeds. We have started a subscription to build a college chapel with encouraging prospects.

"Methodism is an element of great power in this country, and if we are true to ourselves and to our God, we can mould and give shape to the educational and religious affairs of the people for all generations to come. Our preachers and our people are at work, and those that do not love fear them.

"We have here the Yankee element. Some of them do not love our church very well, and some of them do, and I hope that the day is not very far distant when all of them will love and respect her. This element,

ANNALS

when brought under the influence of Methodism, is one of great good, having been raised in a land of churches and schoolhouses, they are unusually intelligent and moral.

"Our Conference sits in Leavenworth City on the 15th of March, at which time we hope to see you, Mr. Editor, in the midst of our young but promising conference, and it may be that you will hear some interesting speeches on the vexed question. Our Conference is opposed to slavery in every aspect of the subject. They are anti-slavery in the true sense of the word."

Feb. 22, 1860. Item from Central Christian Advocate:

"Bell Donated.—The Rev. Bishop Baker has donated a beautiful bell to the infant university in Kansas which bears his name. It is now in course of transportation and will soon ring out its musical notes upon the virgin air of Kansas. Blessings upon the considerate and benevolent Bishop for his interest in our Western enterprise, and ample success to the college at Baldwin City."

March, 1860. Report of Committee on Education at Annual Conference:

"Baker University is in a prosperous condition. The College Building for the Preparatory Department has been finished and is sufficiently commodious to meet the present educational wants of the country. The University lands are now relieved from debt, and a good title obtained to them. A good college bell, weighing three hundred pounds, has been presented by Rev. Bishop Osmon C. Baker. Resolved, That we will cordially unite with the friends of education in exerting our efforts to build up and sustain Baker University as the one great University of Kansas."

March, 1860. Kansas-Nebraska Annual Conference divided, Kansas to comprise one part and Nebraska the other.

March 14, 1860. By an act of the Kansas Educational Association, the Board of Trustees of Baker University shall be members of that Association. The Board of Trustees appointed by the Kansas and Nebraska Conference at its last session and their successors in office were made the officers of the Kansas Educational Association, with power to perform all their duties according to the charter of said Association.

March, 1861. Report of Committee on Education at Annual Conference:

"Baker University is in successful operation, notwithstanding the financial embarrassment produced by the unprecedented drought of last year. The Preparatory College Building is sufficiently commodious to meet all the present educational wants of the country. There is the commencement of a good mineralogical and geological cabinet, also the beginning of a library and philosophical apparatus."

March, 1861. Committee appointed to take into consideration the propriety of organizing a Law College in the city of Lawrence. (Permanent action was never taken.)

March, 1861. Professorship of Ancient Languages created and Rev. T. A. Parker, A. M., M. D., selected as the professor.

March, 1862. First published course of study to be found in the Minutes of the Kansas Conference, 1862. This shows a Preparatory School for two years and a College Department of four years. There is a Scientific Department with one year preparatory work and three years advanced study. Also a Biblical Department, giving a course of study in three sections. The tuition in the classical Preparatory School is \$7.00 per term and in the College, \$8.00 per term.

ANNALS

July 24, 1862. Death of Rev. Thomas Hicks Mudge, A. M., Professor of Hebrew and Biblical Literature. He was also pastor of the Baldwin M. E. Church. Mr. Mudge was graduated from Wesleyan University in 1840, and from Union Theological Seminary in 1843. He joined the New England Conference and labored there till 1857, when he accepted the professorship of sacred literature in McKendree College. In 1859 he took up the work of a minister in the Missouri Conference, but in the summer of 1861 he was driven out by the troubles incident to the Rebellion. After coming to the Kansas Conference he was appointed first to Manhattan and in March, 1862, to Baldwin City. He died of apoplexy in his study in the "Old Castle," and is buried in the old cemetery south of town, his brethren of the Kansas Conference providing for a suitable monument.

August, 1862. By order of the Kansas Educational Association the Agent was directed to commence a college building, to be erected at or near the place where the first foundation was partly dug (near Science Building).

November, 1862. Agent authorized to set off two blocks of the south end of College Park (Campus) fronting on streets G and H. (This change brought the Campus to its present size.)

March 9, 1863. Athenaeum Literary Society, for men, was organized, with these as officers: W. H. Toothaker, A. G. Jones, W. A. Madaris, H. M. Scott and J. A. Stalons. Later the Society was converted into the Zethegathean Literary Society. Motto: "Diligentia vincimus."

March, 1863. Report of Kansas Conference Committee on Education: "Baker University is in successful operation, notwithstanding the embarrassment produced by the fearful war raging in our country, thus calling many of our young men into the army. It has enrolled a larger number of students during the year than at any previous period in history.

"The present college building is found insufficient to meet the present educational wants of the country. Your committee, therefore, recommend the appointment of an Agent, with authority to travel abroad and raise moneys to the amount of twenty-five thousand dollars, under the instructions of the trustees of Baker University."

April 10, 1863. The Philosophian Literary Society, consisting of young ladies and gentlemen, was organized by the following persons: F. L. Robinson, N. B. Gardner, J. C. Hall, H. B. Francis, Miss D. K. Willey, Miss Padd. R. Ray and Miss Sac. F. Ray.

The Alethean Society, for lady students, was organized by Prof. J. G. Schnebley sometime during the spring term of 1863.

June, 1863. Near the close of this school year the Philopeuthian Literary Society disbanded. Motto: "Studemus dignari."

June, 1863. First catalogue published.

In later years annual catalogues were omitted for the years 1866-67, 1869-70, 1870-71, 1871-72, 1878-79. The course of study provides for a Classical Department having one preparatory year and four college years, and for a Scientific Course of three years "to meet the wants of young ladies and gentlemen whose time, means or other circumstances may prevent them from pursuing a regular college course, but who wish to prepare themselves for the active duties of life." There is the beginning of a library; the students had access to a library of 1,000 volumes, belonging to Prof. P. A. Emery (who conducted the Kansas Deaf-Mute Institute at Baldwin City). Primary Department established and Miss May A. Goltman elected to the position as teacher. Chair of Natural Science created, and Rev. J. H. Caruth, A. M., elected professor.

June 11, 1863. The Kansas Educational Association plan to erect a college building to cost \$30,000.00 (This resulted in the present "Science Building"), agreeable to the report of the Committee on Education at the preceding Annual Conference. The site was selected near the foundation, partly made, of a building projected in 1857. The Trustees of the Methodist Episcopal Church in Baldwin City were invited to confer with regard to Chapel room in this new building. The plan was to erect a building 80 feet by 60 feet, three stories high, having, in addition, a basement story for laboratory, furnace-room, etc.; and to finish it with chapel and recitation rooms, society and library rooms, offices, etc., the entire cost of which was to be about \$30,000.00. This building was to be only one of five parts of the entire University Buildings; this to be the center; and the design was to add two wings or additions on each side, thus making a continuous front of two hundred feet in length.

Sept. 14, 1863. The unexpected increase of students requiring more room for their accommodation led to a plan for relinquishment by the Masonic Lodge of the third story of the College Building. As this did not succeed, a loan of \$500.00 at 10 per cent was made to erect a frame building, one story high, 16 by 24 feet and 10 feet high, at the southwest corner of the building for the Primary Department. A contract was made to erect this at \$250.00. This addition received the familiar name, "The Kitchen."

The alphabetical arrangement of streets in Baldwin City was abandoned and the following names were assigned, beginning with north side of town: Ames, Baker, Chapel, Dearborn, Elm, Fremont, Gove, High, Indiana, Jersey, King, Lincoln, Monroe, Newton, Orange.

November, 1863. Preliminary organization of a company at Baldwin City for the Kansas Volunteer Cavalry. This became Co. G of 16th Kansas Volunteer Cavalry. Its members enrolled Baker students of the current and previous years, some of whom were John W. Hall, Samuel Gardner, John Bewley, James H. Parker, George W. Parker, George Prather, Asbury Prather, Howard M. Scott, Jerry Walker. John W. Hall became the captain of the company and Samuel Gardner, corporal. Of the regimental officers the following came from Baldwin City: Rev. Werter R. Davis, Lieutenant Colonel and later Colonel; Clarkson Reynolds, Major; Rev. Thomas J. Ferrill, Chaplain.

February, 1864. Donation of \$100.00 by Abraham Lincoln, President of the United States, to apply on the new college building on the Campus.

March, 1864. Report of Kansas Conference Committee on Education:

"Baker University is in a prosperous condition, notwithstanding the unsettled state of national affairs.

"The receipts of the past year have more than doubled that of the previous years. The opportunity of attending Divine service has been to some extent restricted on account of the lack of Church or Chapel facilities. This lack, we earnestly hope, will soon be remedied by the erection of a Church in Baldwin City."

March, 1865. Report of Kansas Conference Committee on Education:

"The foundation of the new university building is laid, with reasonable prospect of being closed in this summer and fall, and finished in two years

"Resolved, That while we encourage our brethren and friends in different parts of the Conference, to erect buildings and sustain academies and seminaries, we cannot consistently encourage the building up of any institution other than Baker University, with power to confer college degrees."

April, 1865. "Ladies' Course of Study," in accordance with the best lit-

ANNALS

erary institutions adopted for the succeeding year, whose principal feature was to allow Spanish and German instead of Greek, and to permit additional work in Music, Painting and Drawing.

Jan. 25, 1865. From news-letter by President L. L. Hartman:

"We have now in attendance one hundred and forty students. Our most advanced scholars are now in the Junior Class. In addition to the common and higher English branches, instruction is given in Greek, Latin, German, French, music (on piano and melodeon), drawing, painting and embroidery."

June, 1865. From Catalogue of 1864-65:

"The College has a library of about 300 volumes, chiefly Theological, Medical, Scientific and Agricultural. It has geographical and scientific maps and charts. It has a good compass and chain, compound microscope, magic lantern, magnet and other Philosophical and Chemical Apparatus. Also a considerable variety of geological specimens."

Fall, 1865. Charter of Phi Gamma Delta fraternity issued to certain students—charter withdrawn about 1868.

December, 1865. From Annual Report of the State Superintendent of Public Instruction: "Baker University is in a prosperous condition, and has done excellent service in pioneer education."

March, 1866. Report of Kansas Conference Committee on Education:

"The Music Department has obtained an enviable prominence, under the efficient management of Prof. C. H. Edgerton, late of Fort Edward Institute. Six elegant pianos and one fine cabinet organ of New York manufacture have been secured and are now in use in this department, with an average attendance of fifty pupils. A commodious hall has been erected adjacent to the College for the especial use of this department.

"From the facts and estimates submitted to us, it appears the College is now out of debt. A good, substantial foundation for a new college building has been laid, and the window frames for the entire building are completed, at an expense of about \$5,000. The erection of the new college building will require \$30,000. The citizens of Baldwin City and vicinity are pledged to raise \$10,000, provided that they can have assurances that the sum necessary for the completion of the building will be raised. It is believed that \$10,000 can be raised through the agency of the Kansas Educational Association. We recommend that this Conference undertake the raising of \$10,000 through her agency.

"We pledge ourselves as a Conference to devote our undivided energies to the good and great work of making Baker University a first-class institution and the only one of a college grade."

March, 1866. Some time during this school year, 1865-66, a frame house was built on the lots north of the college building, which is described in the Conference report as a "commodious hall." Its size was 18 ft. x 30 ft., one and one-half stories high. It was set apart for the use of the Music Department and was equipped with "six elegant pianos and a fine cabinet organ of New York manufacture." Later the library was placed in this building. This hall gained the popular name of "blue house." Its history developed some serious complications in local church and college relations, through business misunderstandings. In March 29, 1871, the Ladies' Sewing Circle bought it to move it to the lots owned by the M. E. Church, and to convert it to parsonage use. The plan to move it was changed and in December, 1872, they sold it to Joseph Chamberlain for \$225. It was repurchased of him and in July, 1873, they sold it for \$350, together with the lots on the south corner of Sixth and Fremont streets, to which it was moved. It is the main part of the frame dwelling house now located there.

ANNALS

March, 1866. The Centenary of Methodism in America was celebrated by all the churches and people of the Kansas Conference with special religious services and thank-offerings. A special organization known as the Centenary Society of the Kansas Conference was formed with Rev. George W. Paddock as Centenary Agent. The Central Centenary Committee was instructed to appropriate two-thirds of the Centenary Collection to the endowment of Baker University. In the report of the agent in March, 1867, it is announced that the amount collected and subscribed for Baker University was \$14,736.38. The amount of this that was paid was applied to the completion of the building project.

April, 1866. Minutes of Faculty Meeting show that the regular time of weekly Faculty Meeting for the term was fixed for Wednesday, 3 p. m. Is this the setting for a Baker custom?

June 6, 1866. Alethean Literary Society (for women) voluntarily disbands. (Athenaen and Philosophian still in existence.)

June 14, 1866. "The Citizens Subscription" of Baldwin and vicinity, amounting to \$6,000, bearing date Feb. 3, 1866, given to aid in the erection of the college building and completion of the chapel, was presented to the Trustees on the condition of securing to the Methodist Episcopal Church of Baldwin a room or rooms in the college building for Sabbath School, Social and Protracted Meetings, as well as for regular services, for a term of ten years.

June 22, 1866. Corner stone laid for Science Building. The address was given by Hon. Marcus J. Parrott, Kansas' first congressman.

June, 1866. From Catalogue of 1865-66: Primary Department discontinued. The Courses of Study were extended. The college course of four years is preceded by a preparatory course of three years. Library is increased to nearly 700 volumes.

September, 1866. From Report of the State Superintendent of Public Instruction:

"Baker University is the oldest, living, working institution in the state and has had more pupils than half of the other denominational schools in the state. It has usually been crowded up to the capacity to accommodate students. From our earliest history as a state it has done a noble work in sending out successful teachers to the common schools of the state. We have here developed in symmetrical proportions the three-fold nature of education—the mental, the moral and the physical."

Dec. 4, 1866. Death of Rev. Christopher H. Edgerton, Professor of Music. Professor Edgerton was born in Albany, N. Y., Feb. 27, 1829. He was admitted to the Troy Conference in 1857. For a period of three years he was Professor of Music at Fort Edward Collegiate Institute, Fort Edward, N. Y. In 1862 he was appointed chaplain of the 93d regiment, New York Volunteers. Both before and after the war he continued his work as a minister. In September, 1865, he accepted a proffered position in Baker University, thinking that the dry and salubrious air of Kansas would improve his health, which had been seriously impaired by the severe exposures endured as a soldier in the Army of the Potomac. His ability as a thorough teacher, his fine social qualities and his high Christian character secured for him both affection and friends. One of the attractive features of the first Conference session at Baldwin, March, 1868, was the singing by Philip Phillips and Professor Edgerton. At the opening of school year, September, 1866, it was evident that failing health would not permit Professor Edgerton to endure the labor of his responsible position. He taught but little during the fall term. His place of burial is in the cemetery south of Baldwin.

ANNALS

March, 1867. The Whitman collection in Natural Science secured, estimated to be worth \$10,000. It contains, in geology, the characteristic fossils of the cambrian, silurian, devonian and carboniferous systems of this country, also specimens showing the lithological character of the rocks of Pennsylvania, and the cretaceous systems of Europe; in mineralogy, the principal minerals of this country and nearly two hundred from Europe; in zoology, over two thousand specimens of articulata, molusca, and radiata; in botany, all the most interesting species of the eastern states and also of Oregon, California, Central and South America.

March, 1867. Report of Kansas Conference Committee on Education:

"We have projected within our Conference bounds *one first class University*, already performing college functions—Baker University.

"Ages will pass away before we shall be likely to need a second, if ever."

Aug. 27, 1867. The college building, music and library rooms, thoroughly repaired and renovated. The library contains more than two thousand volumes. The Institution is organized on a broad, elective basis, affording accommodation to students to pursue such studies as will best prepare them for the active work of life. A special course given in Chemistry, enabling students to prepare for the study of medicine or for clerkship in drug stores.

March, 1868, Report of Kansas Conference Committee on Education:

"The number of students enrolled since the present college year commenced is 120. The average number registered has been 100. The primary department, deemed no longer a necessity, has been abolished, and the students in attendance are quite matured.

Fifty-three are studying Latin, seventeen Greek, and five French. Whole number in college classes twelve, and in the senior preparatory class fifteen. During the year thus far they have enjoyed a sweet religious influence, and forty have been converted.

Interiorly Baker University presents a healthy and promising condition. The old buildings have been thoroughly renovated, grounds fenced and improved at an expense of near one thousand dollars, yet they are contracted and altogether insufficient to meet its wants.

If we would reasonably hope for the prosperity of the University to continue, the new building must be speedily completed. It must be inclosed at least the present season to protect the walls already erected, and to prevent a loss of some thousands of dollars."

June, 1868. A Theological Department was organized. The course of study is arranged to cover three years of two terms each; but graduates of the University or of any kindred institution may complete the course in two years. Students will be admitted to pursue a limited course in Theology, and special facilities will be furnished those who wish instruction in the conference course of study.

June, 1868. From Catalogue 1867-68: "The college course holds the elective system, after the Freshman year—eight or ten class exercises per week being specified and the remaining studies being elective."

September, 1868. From Annual Report of the State Superintendent of Public Instruction: "Estimated cash value of the property of Baker University, in site, library, buildings, apparatus, music equipment and 600 lots in Baldwin City, \$44,000. Expenditures for year closing September, 1868, \$9,291.06. Tuition for Collegiate Department, per term, \$10.00; for Preparatory and Scientific Departments, per term, \$8.00; for Music, per term, \$12.00."

September, 1868. The Financial Agent for the school reported that tuition bills do not pay more than 50 per cent of the current expenses.

1868-69. The college building on Fifth street was enlarged by the building of a two-story sandstone addition, 24x34 feet, immediately west of the main part. This extension was made to meet the needs of more space, in as much as the completion of the main building on the Campus was delayed because of lack of funds. Cost about \$750.

March, 1869. Report of Kansas Conference Committee on Education:

"The opinion of your committee, after long and serious deliberation, is that the best interests of this Institution require an entire change in the management of its affairs. The report of the financial agent shows that the current expenses of the Institution amount to 55 per cent more than its receipts for tuition, which additional expense has been met by the sale of lands and contributions from the friends of the College. The whole amount of money thus expended in defraying current expenses for the past six years, including salary of agent, is \$18,175.10. Had the Institution been conducted on a self-supporting basis, the greater part of the above sum might have been applied to the erection of the college building, and have nearly secured its completion. Your committee deem it absolutely necessary to the interests of the Institution that this course should now be adopted. An institution of learning, aspiring to the dignity of a University, must have buildings ample in size and tasteful in architecture, to support its claims and give it prestige and permanence.

This is also recommended as a matter of economy. Seven thousand dollars has already been expended on the foundation and the first story of the college building, and it is believed that unless the walls shall soon be completed, and the building covered in, the work already done will be ruined by exposure to the weather, and thus become a total loss; therefore,

"Resolved, That the Board of Trustees of Baker University be instructed to reduce the Faculty thereof to such a number as can be supported by the tuition fees of the Institution.

"Resolved, That we recommend the appointment of an agent who shall devote his whole time to the work of completing the college building."

April 14, 1869. Euergesian Literary Society organized, composed mainly of the younger class of students, men and women. Motto: "Kata Dunanim."

June, 1869. Catalogue gives a Classical Course of four years in the College preceded by two years preparatory work and a Scientific course of three years in college, with two years of preceding study.

March, 1870. Report of Kansas Conference Committee on Education:

"The new building of the University is advancing toward completion, the third story being partially constructed, and stone, nearly or quite sufficient for finishing the walls, being on the ground.

"It is supposed that about \$20,000 will be required to carry on the work of construction and prepare the building for the use of the school.

"Of this amount the sum of \$12,000 is pledged on a share system, the consideration in the system being town lots, the property of the Kansas Educational Association.

"The further sum of \$3,500 is pledged in a contract between the Association and Mr. Bacon, the consideration in this contract being also town lots, the property of the Association.

"It is important that the new building be completed at the earliest possible date, from several considerations, of which we present the following:

"1. The policy recommended by the last Conference, of reducing the

Faculty to such a number as could be supported by the tuition fees, has resulted, as was undoubtedly expected by all; reduction in the Faculty has resulted in reduction in the literary standing and character of the school; only about thirty students being in attendance during the last term. This policy, if continued, will close the school in three months. In the minds of the Trustees it seemed necessary to suffer this calamity, hoping that it might be only temporary, in order to push on to completion the new college building. The present condition of the school, under this policy, demands its completion at the earliest possible moment.

"2. The wonderful tide of immigration pouring into this state is bringing a host of Methodist families whose sons and daughters must be educated, and educated under our denominational influence. For a time we may compete successfully with other denominational institutions, in their present sickly, if not dying condition, but we cannot with the state institutions, which are in a highly prosperous condition, with large Faculties of instruction and ample endowments. If a school is contingent on a building, or buildings, we must build."

July 24, 1870. Dedication day for the new Methodist Episcopal Church, now the Conservatory of Music building. Rev. T. F. Houts, pastor of M. E. Church, Ottawa, preached the dedicatory sermon. The building is of beautiful gray sandstone, 40 feet by 66 feet, 18½ foot ceiling, neatly finished inside with plaster paris, painting and graining. The total cost was \$6,000. Of this sum the Ladies Society had paid in cash \$2,231, and assumed \$150 more. They furnished a new organ worth \$400 also. The first work on the church was done Aug. 3, 1868.

Aug. 31, 1870. The sale of \$10,000 bonds of the Kansas Educational Association of the Methodist Episcopal Church dated July 1, 1870, secured by mortgage on College property, made to L. B. Bacon, Elizabeth, N. J., in return for \$6,000 cash and 240 acres of land in Woodbury County, Iowa, and 360 acres of land in Manhattan County, Wisconsin.

March, 1871. Report of the Committee on Education of Kansas Conference:

"This child of sorrow, now, under God, begins to exhibit marks, external at least, of a vigorous, healthy youth. The new University building, of native sandstone, standing (four stories) upon an eminence overlooking a vast scenery, unsurpassed in romantic grandeur and classic beauty, is an accomplished fact, to the great joy and satisfaction of the Faculty and students of the college. We trust the new edifice, together with the old edifice, and what is sometimes known as the *blue* edifice, shall become a happy trio, around which shall gather and cluster such endearing associations, that, in the coming years the Kansas Conference will be proud to own their child of sorrow as the child of God."

Report of the Agent to the Board of Trustees of Baker University:

"Dear Brethren: About thirteen years have elapsed since this enterprise was inaugurated. Within that time Kansas has been ransacked by bushwhackers, scourged by civil war, burned by drouth and eaten by grasshoppers. During these 'troubulous times' the members of this Conference have been organizing stations, forming circuits, building churches and parsonages, and with the appliances of the Gospel following hard after the adventurous pioneer. Yet in all this, Baker University survives. Bold indeed was the spirit of our brethren, who in that early day of Kansas history, projected this great work, and hard has been the toil on the part of its friends to keep it moving. The fact that it exists is one of the marvels of the times. Whence should come the necessary thousands on thousands in the form of 'material aid,' and who should befriend it, steady when others faltered, patient amidst inevitable vexation, persevering when the 'Godly man ceaseth

and the faithful fail from among the children of men.' Yet came the friends, and came the funds as far as have been absolutely necessary hitherto and Baker University yet lives! What a wonder that amidst such scenes of strife and war, and the hardships attendant upon pioneer life, a Faculty should have been even half paid, the work of building continued, a goodly library collected and all by the contributions of small sums. Had every member of our Conference exerted himself in its behalf to the extent of his ability, the institution had done well to hold its own. The sudden and unexpected great depression in the price of gold, or rather the panic in the money market, that occurred in the fall of 1869, brought upon the country one of the hardest financial years since 1837. Could I have foreseen this state of things, I had been foolhardy to have undertaken this agency, especially upon such terms.

"To have succeeded in any honorable way, by the sale of lots, by donations or by loans, in raising the sum of twelve thousand dollars in building material and money, which has been raised within a year and a half, especially for an enterprise in such a condition, should lead us to the conclusion that God intends our final success.

"To have looked on the weather beaten, half finished walls of the new building, crumbling by the attrition of passing years, crying out almost for a human hand, either to build or demolish; and then to look on the beautiful structure as it now stands, would make a pleasing contrast indeed. We have now a spacious and commodious building about ready for occupancy, inviting the sons and daughters of our people to its pleasant halls, to receive an education in an institution of our own. Surely we may say with an Apostle on another occasion, 'having obtained help of God, we continue unto this day.' Our progress is thus marked by our annual reports. Two years since the report of the Committee on Education, adopted by the Kansas Conference, held these words concerning Baker University: 'Seven thousand dollars have been expended on the foundation of the new building, and it is believed that unless the walls shall soon be completed, and the building covered in, the work already done will be ruined by the weather, and thus become a total loss.' Last year the report said: 'The new building is advancing towards completion, the third story being partly constructed, and stone nearly or quite sufficient for finishing the walls being on the ground.' This year we may report 'the new building inclosed, covered by a fine, substantial mansard roof, and the first story above the basement about ready for occupancy.'

"While we devoutly thank God for the progress made, it behooves us to look squarely in the face what is before us. This work is but begun. In the language of the report of last year, 'we must have our universities and our academies. It will take money, time, prayer and sacrifice to build them.'

"Appropriate words, as the following hard facts will show:

We owe old debts, in round numbers.....	\$ 3,000.00
On a ten-year loan.....	10,000.00
On material and labor in new building.....	1,000.00

Making	\$14,000.00
--------------	-------------

Available Assets:

Shares uncollected, estimated.....	\$ 6,000.00
Baldwin City lots, besides shares.....	8,000.00
Subscription notes deemed good.....	1,000.00
Land in Wisconsin and Iowa.....	3,000.00
Town lots in Garnett	200.00
Town lots in Wyandotte	100.00
Town lots in Olathe	150.00

Total	\$18,450.00
-------------	-------------

ANNALS

March, 1871. The opening day of the Spring Term, 1870-71, was "moving up" day—moving from the old building, off of the campus, to the new building on the campus. The particular date is not to be found in the records. The Faculty were Rev. Patterson McNutt, President, and Rev. S. S. Weatherby, Ancient Languages; Dr. J. G. Schnebley, Mathematics; Prof. Cole, Science; Professor Walter M. Foss, Music. A news-item from the President says there were 113 students on the roll for the year, and about 70 for the spring term. This opening day had its spirit of memory of the former day and expectancy for the coming day. The school assembled in the Chapel of the old building, as usual. The morning devotions were observed. Certain of the Faculty and students made remarks and bade farewell to "the old," speaking in particular of the religious experiences which had come in gracious revivals held in the room, and of the many hallowed associations with the past and with the room which was dear to all. Then the company present took the seats and tables and desks and books, and in a long procession marched to the new building. One story only of this building was completed, and the only furniture in it was what this company carried with them on that morning.

March 16, 1871. Plan of endowment fund adopted by Board of Trustees. Perpetual Scholarship Certificates, valued at \$100 each, to be sold, the holder of which shall be entitled to free tuition for one scholar, perpetually, in Baker University. It was provided that the holder could receive no benefit of the certificate when occupied by other than his own son, daughter, or ward, or by will. The entire principal of the Fund was to be perpetually invested and the income to be applied exclusively in payment of salaries of the President and Professors.

April, 1871. From news-letter by President Patterson McNutt:

"Baker University has been in existence about twelve years. Founded in "troublesome times," and being in the midst of a newly settled country, torn by war and border raids, it is not surprising that her growth has been slow. Some of her friends (?) have, at times, even pronounced her dying, dead; but an institution planted in faith, and nourished by prayers and tears, has a wonderful power of resuscitating itself, when apparently lifeless. Baker, in so far at least as externalities are concerned, is an accomplished fact. The new college edifice, sufficiently completed to enter, is of native sandstone, standing four stories high, upon an eminence overlooking for many miles a most beautiful and romantic scenery. This, with the old college building, respectable enough in its day, and separate rooms for the library, and music department, form a classic group, of which The Conference may well be proud. The internal working of the college is probably all that could be expected with the limited accommodation heretofore afforded. There have been seventy students in daily attendance since the opening of the Fall term; a large proportion of whom are pursuing a regular classical course. An excellent religious spirit pervades almost the entire body of students, several of whom are preparing for the ministry."

May, 1871. From news-letter by President Patterson McNutt:

"For years the Trustees of Baker University have been in an unpleasant dilemma. The new and unsettled state of the country precluded the idea of an immediate attempt at endowment. In the meantime, a new building was necessary; a full corps of competent teachers seemed also necessary. If a faculty such as would give character to the Institution were employed, it would be at the expense of means which should be used in building. If the teachers were reduced to such a number as to permit all the means to be devoted to building purposes, it would result in a lowering of the literary standard of the college, and a consequent loss of students.

"To pursue either course for any length of time would be suicidal to the interests of the University. We do not wonder, in view of these facts, that there has been some complaints and some dissatisfaction expressed; but we think a full acquaintance with all the circumstances would convince any candid person that the friends of the Institution have been forced, through necessity, to adopt one or the other of these plans, and they have managed the best they could at the time.

"But, brethren, we believe there is a more excellent way; and, indeed, I think the only way out of these difficulties is to secure a permanent endowment for the University. We believe the time for this has fully come. A glance at our church papers will show you that there are efforts being made at the present time throughout almost our entire connection to endow, or add to the endowment of, our universities and colleges.

"And now when our Church is working, as perhaps never before, to give prominence and permanence to her educational interests, shall the Kansas Conference alone remain indifferent? Kansas doubled and tripled her population within the last five years, and our membership has increased in a still greater ratio. What could not have been attempted five years ago may now be attempted with every hope of success.

"The Board of Trustees, at the last annual Conference, adopted a plan for endowing Baker University by the sale of one-hundred-dollar perpetual scholarships. It was proposed that the members of the Kansas Conference endow a Kansas Conference chair. Forty-eight persons gave in their names for that purpose. We are now ready to issue their certificates and receive their money and notes. We wish to increase this number to one hundred before the annual meeting of the Board in June.

"Brethren who have promised to take scholarships, or others intending to do so, will do me a favor by dropping me a line at Baldwin City."

Sept., 1871. The execution sale of property of Baker University is a sorrowful story. Financial hardships seemed to reach a climax. Three notes amounting to \$580 given by the Trustees of Baker University to Patterson McNutt, for service as teacher, were sold to Joseph Chamberlain, who brought suit in the justice of peace court of Palmyra Township, Douglas County, and received an execution order. This execution was returned September 4, 1871, showing receipts of sale amounted to \$176.82. The justice record is not to be found, to show what property was sold, but tradition says that library books, clock, Bible, furniture and pianos were auctioneered away at trifling figures. Later the clock and Bible were returned, as they were by law exempt from such sale. All the furniture, fixtures and library were thus taken away, and an unsatisfied judgment still remained. Later attempts to find property to levy upon proved unavailing. Then a sheriff's sale, in February, 1872, of 125 lots on Baker, Chapel, Dearborn, Elm and Fremont Streets, valued at \$20.00 each, was carried on at the Court House in Lawrence. But no one bid on the lots, and so the notes went unpaid. There is no further legal record of these notes. Other lawsuits for teachers' salaries were begun, but these never came to final settlement in the courts, or they were dismissed from the court.

Nov. 23, 1871, Report of Investigating Committee:

"We, the undersigned, appointed by request of the Trustees of Baker University, as a committee to investigate the history, business management, and present financial condition of that institution, and to report the result of our investigation to the M. E. Church of Kansas, beg leave to say that we met at Baldwin City on the 21st of November, 1871, and after a patient and thorough examination into the past history and present condition of the College, we take pleasure in making the following report:

"We find that the 'Kansas Educational Association of the M. E.

ANNALS

Church,' and also 'Baker University,' have each been regularly incorporated under the provisions of their respective Charters, which were granted by the Territorial Legislature, in the years 1857 and 1858. These Charters secure great and valuable franchises. The Educational Association acquired title to six hundred (600) acres of land situated in Palmyra Township, Douglas County, Kansas, upon which the College buildings are located. The balance of land not needed for this purpose was divided up into town lots, all of which we find properly entered on the County Records.

"In addition to this, forty (40) acres of land, adjacent to the above, were purchased of Wm. Butt, for the sum of seven hundred and fifty (\$750) dollars.

"A school was soon started and has been kept in operation ever since, at a cost of about five thousand (\$5,000) dollars a year.

"We now find property on hand as follows, viz:

Seven Hundred (700) Lots, valued at	\$16,000
New College Building, valued at.....	20,000
College Park of Twenty (20) acres, valued at.....	3,000
Seven (7) Lots in Garnett, Kansas, valued at.....	400
Philosophical, Chemical and Mathematical Apparatus and Instruments	1,000
Furniture	100
Old College Building, with Addition incomplete, Out Buildings, Fences, and Eight (8) Lots.....	2,000
Land in Iowa and Wisconsin.....	3,000

Total valuation\$45,500

"The Liabilities of the Institution are as follows, viz:

A Bonded Debt of.....	\$10,000
A Floating Debt of	7,500

Total indebtedness\$17,500

Present worth\$28,000

"In addition to the above, we find notes and obligations in the hands of the Trustees, representing about six thousand (\$6,000) dollars, more or less valuable.

"When we consider that the institution started without capital, and has kept a school in successful operation for twelve (12) years, at a cost of about five thousand (\$5,000) dollars a year, and that it now has property (after deducting all liabilities), worth twenty-eight thousand (\$28,000) dollars, including one of the largest and best college buildings in the west, nearly completed, one (1) story of which is now occupied for school purposes, with an attendance of seventy-five (75) pupils; and when we consider the serious embarrassments that attend the early history of all Educational Institutions, and especially the trials through which the people of our own young State have passed, candor constrains us to confess that a great work has been accomplished through "Baker University," and while, perhaps, some mistakes may have been made in the Business Management of the Institution, we are entirely satisfied that everything has been done as honestly and successfully as could have been expected under the circumstances.

"In closing our report we would commend the Institution, with all its interests, to every member and friend of the Church in the Conference; it needs and is in every way worthy of your sympathy, your prayers, and your hearty support.

"Respectfully submitted,

"Wm. Fairchild, Leavenworth, Kan.

"G. W. Hume, Lawrence, Kan.

"Geo. C. Wilder, Manhattan, Kan.

"Committee."

ANNALS

April 6, 1872. At the request of the Trustees of B. U., "The Ladies' Endowment Society of Baldwin City," was organized. In 1874, it changed the name to "Ladies' Endowment Society of Baker University," and in 1888 to "Woman's Endowment Society of Baker University." The object of the Society was to "raise funds for the purpose of endowing a lady professor's chair in Baker University." The sum aimed at, \$10,000, indicates how hopeful the women were. They contemplated forming auxiliary societies throughout the State. A financial beginning was made by the payment of membership dues. It was customary for the Society to meet at the residence of some member, who should furnish plain refreshments, for which those who partook paid into the treasury the sum of ten cents. This humble method, along with occasional ice cream festivals and oyster suppers, helped to increase the funds, which were also augmented by the proceeds of lectures and entertainments. The Society received one large gift to the amount of \$100, and the donation of several lots in Baldwin City. At first the meetings of the Society were one a month. They dwindled down to one a year, and in June, 1878, ceased, not to be resumed till June, 1887. The Ladies' Sewing Society, nobly devoted to the interests of the local church as well as the University, absorbed all the energies of the ladies. The first officers were: President, Mrs. E. Sells; Vice-President, Mrs. V. M. King; Treasurer, Mrs. R. H. Henderson; Secretary, Mrs. S. S. Weatherby; Corresponding Treasurer, Miss M. M. Harford. Succeeding Presidents were Mrs. S. Keifer, Mrs. S. S. Weatherby, Mrs. H. A. Gobin, Miss M. E. Cowgill, Mrs. M. I. Crosby, Mrs. W. A. Quayle, Mrs. James Murray, Mrs. J. W. Sleeper, Mrs. L. H. Murlin.

June, 1872. Annual report of the Agent of Baker University:

Assets:

600 lots in Baldwin City.....	\$12,000
New College Building	20,000
Park (Campus)	3,000
Lands in Wisconsin	1,800
Old College Buildings and Grounds.....	2,000

Total\$38,800

Present Indebtedness:

Bonded debt and interest	\$10,776
To pay, borrowed money.....	800
Floating Debt	5,364
Debt to Faculty	900

Total\$17,840

Assets above Liabilities\$20,960

March, 1872. Report of the Kansas Conference Committee on Education:

"Baker University, born in adversity, reared in poverty, has ever, as the large number of converts among its students will show, clung to the glorious old motto, "The best of all is, God is with us." We are pained to learn of the financial embarrassments that have gathered around this, our Baker University, and sincerely hope that the measures already adopted, with those we recommend, will lift the institution out of all such embarrassment. It is our Methodist college in Kansas, and we feel that it must succeed, or we dishonor Methodism in the entire State. We feel that it is most fortunate for us at this juncture that the Lay Conference meets with us. Some of us have believed that the Lay members of our church were not enough interested in Baker University. We are glad that our Lay brethren are here to hear what may be said, and to lend a helping hand in this

ANNALS

our time of need. May God bless them and give them large hearts and large purses to help us abundantly."

The Laymen in their session gave hearty approval of all the plans for the welfare of Baker University and the pastors were requested to present the needs of the University in the respective congregations at an early day.

In the Annual Conference, pending the motion to approve the committee's report, the action of the Lay Conference was read, and on motion, each pastor was requested to pledge himself to make an effort to raise one dollar per member on his charge and report in sixty days. The roll was called, and almost every preacher promised to do what he could. Added to this, a subscription was started in the open session of the Conference, many ministers giving \$100 each, while in the Lay Conference \$2,020 was secured. By September the subscription totaled \$11,025, of this amount Baldwin City contributing \$2,300.

July 23, 1872. From President of the Board of Trustees:

"Brethren of Kansas Conference: Shall Baker University die? Do you wish to see all we have done, lost, so far as building up an institution for the future is concerned? Do you wish to see the valuable property we have in Baldwin City, sold under the hammer to pay our debts? After all that has been done, shall we suffer the disgrace of going into bankruptcy?"

"I wish to say in all plainness, we have now reached the fearful crisis. On Thursday, August the 15th, the trustees are to meet at the Topeka camp meeting. The great question will then be submitted. 'Shall we attempt to run the Institution any longer, or shall we go into bankruptcy at once?'

"As to the decision that will then and there be made, the responsibility rests upon the preachers of the conference, rather than upon the trustees. You placed us here to do certain things, and to secure certain interests. To do these things and to secure these interests we must have means. At the last conference, thousands of dollars were pledged by the preachers, besides some two thousands by the laymen. But out of all these subscriptions we have not received enough to pay the interest on the bonded debt which became due July 1, to say nothing of the interest that was past due at the conference time, and on account of which three of your brethren are greatly suffering.

"While the agent was in New York, he secured subscriptions to the amount of \$1,500 conditioned upon the entire amount of the bonded indebtedness being secured. Since the last meeting of the trustees, \$2,300 has been subscribed in Baldwin City on the same condition. That is doing well for this community. Besides, the citizens of Baldwin will do nobly toward the support of the Faculty.

"At the coming meeting of the trustees, we must be able to report favorably as to the support of the Faculty, and of meeting our liabilities, or the school must be closed, and we as a Church suffer the terrible disgrace of seeing Baker University go into bankruptcy."

Sept. 4, 1872. From the Agent of the University:

"The meeting of the Board of Trustees, August 15th, assured the life of the 'University.' It must live. A Committee was appointed to send out circulars containing the names and amounts subscribed, that you may know that we have reached a point where the subscriptions and pledges are payable."

Sept., 1872. From Annual Report of the State Superintendent of Public Instruction: Value of property of Baker University: Site, \$3,000; other lands, \$19,400; buildings, \$22,000; library, \$1,000; total \$45,400.

March, 1873. Action taken by Kansas Conference:

"Resolved, That a commission consisting of six ministers and laymen be appointed by the Bishop, who shall inquire into the legal status and financial condition of Baker University, and if by them thought best, and possible, to re-establish Baker University at Baldwin City; but if it is found that it is fatally involved, the commission shall have authority to receive propositions for the re-location of Baker University or the establishment of a new Methodist University when they have secured assistance to the amount of one hundred thousand dollars, one-half of which shall be expended in the purchase of grounds and the erection of a college building, and the other to be used as the commencement of an endowment fund.

"Commissioners appointed: Rev. S. P. Jacobs, Rev. J. J. Thompson, Rev. S. Holman, Rev. G. W. Pye, Rev. A. H. Walter, Rev. M. N. Powers, Charles L. Burtis, A. H. Foote (P. O. Lawrence), A. Stutson, H. C. Allen, J. J. Wright, (P. O. Emporia), J. C. Fraker.

March 29, 1873. Members of The Kansas Educational Association met to revive the inactive work of its organization which, following the interval of some years, had been transacted by the officers of the Board of Trustees.

April 2, 1873. This day was probably the "low tide." This spring term opened with 35 or 40 students and one teacher, Professor S. S. Weatherby. The most of the students claimed to be in attendance by virtue of scholarships, which yielded no revenue. As there was no likelihood of salary, Professor Weatherby handed in his resignation on April 3. Under the persuasion of Reverend J. Boynton, the president of the Board of Trustees, and on the pledge of some of the people of Baldwin to aid in part, Professor Weatherby withdrew his resignation and consented to try to complete the college year. In the few hours of waiting while arrangements were being made to continue the school, a student wrote on the blackboard of the president's recitation room, "Baker University is dead." To assist in giving the varied instruction needful to meet the conditions of the student enrollment, Dr. J. G. Schnebley, Mr. A. A. B. Cavaness and Miss Myra Deming offered their services, receiving very meager compensation.

May 6, 1873. Report of Commission:

"The 'Commission' appointed at the last session of the Kansas Annual Conference, met in Baldwin City, Tuesday, May 6, 1873, at 2 P. M. After devotional exercises S. P. Jacobs was elected Chairman, G. W. Pye, Secretary. The Commission entered upon the work of investigation, pursuing the order as presented in the resolution of the Conference, reaching the following conclusions:

"First. 'Legal status:'

"Resolved, That from all the evidence afforded us on the subject we are thoroughly satisfied that 'The Kansas Educational Association of the M. Church, incorporated by act of the Kansas Territorial Legislature, Feb. 3, 1858,' is the sole proprietor of (except some endowment fund) all property occupied in the interest of, and for the use of Baker University at Baldwin City, Kansas. That all legal rights vest in the Kansas Educational Association of the M. E. Church, and the present property of this Association can be held for no other purpose than for the promotion of the educational interests of the M. E. Church as represented in Baker University.

"Second. 'Financial condition:'

"Resolved, That after a careful investigation we find the liabilities of Baker University to be near or quite \$16,500, and we recommend that the Kansas Educational Association assist in the payment of the debts of this institution as rapidly as possible.

"Third. 'Removal:'

"Resolved, That we are of the opinion that the charter of Baker University prohibits the removal of the institution.

"In view of the above, the following resolutions were adopted:

"1. Resolved, That the school ought to be continued for the coming year without incurring further indebtedness.

"2. That after investigating the history and condition of Baker University, we believe it ought to be supported and made a permanent success, and an honor to Methodism by the generous sympathy and confidence of the people of Kansas.

"3. That a committee of this Commission be appointed to prepare for publication (after presentation to, and approval by this Commission) a full report upon the status and condition of Baker University in all respects.

"4. That the Secretary furnish the foregoing resolutions for publication in the CENTRAL CHRISTIAN ADVOCATE.

"5. That we adjourn to meet, (about the time of Commencement) on the call of the chairman.

"Geo. W. Pye, Secretary."

The full report of the Commission was prepared by A. H. Foote, Rev. S. P. Jacobs, and Rev. A. H. Walter. A copy of it may be found in the Kansas Conference Minutes of 1875. The time and care taken in making the investigation seemed commensurate with the seriousness of the conditions surrounding the institution—the date of the report is June 1 to December 10, 1873. In this report covering thirteen pages of printed matter, the history of the college from its inception is gone into with minuteness, and certain phases of its work are discussed, criticised, or commended, as they deemed the conditions called for. This report is an important document in the history of the college.

They first report on the legal status of Baker University and The Kansas Educational Association. All of the substance of this is shown in the charters of these two corporations. The result of their deliberations in this feature of their work was that, without further legislative authority, there was no power to remove Baker University from Baldwin City.

They go into a careful and thorough discussion of the financial conditions of the college; they find it in an embarrassing condition, and this had led to severe criticism of the college management. They speak approvingly of the careful bookkeeping which had characterized the work of William H. Scholfield, the financial agent, and in a measure excuse prior lack of such system. They say an examination of the books show that from the beginning of the school to the close of March, 1873, the aggregate receipts and disbursements were about \$70,500. At the time of making the report the liabilities were said to be about \$17,000. Of this \$10,000 were represented by bonds issued July 1, 1870 and due July 1, 1880; and the remaining \$7,000 was for miscellaneous claims which were being pressed for payment, and which was causing great embarrassment. To account for the way these liabilities had arisen the Commission give a lengthy statement of the condition of the Territory and State, the drouth, the grasshoppers and other calamities, which had made it practically impossible for such an institution to pay its running expenses.

Then, in order to maintain the prestige of the institution a new building had been thought essential, and under the circumstances the management is excused for starting this without ample provision for its payment. The relation of Baker University to The Kansas Educational Association is discussed, the litigation over the indebtedness is referred to, and then the Commission devote much space in reciting matters connected with the management of said Association, and criticise the same somewhat severely, advising also the expunging of the "mutual benefit" clause from the second article of the Constitution of the Educational Association.

ANNALS

The Commission closes its report with some general statements appreciative of denominational colleges, of the continued maintainance of Baker, of the uselessness of further talk concerning its removal from Baldwin City, and some dozen or more specific recommendations concerning Baker and the Association.

June 18, 1873. At the exercises on Commencement Day a cane was presented to Rev. W. R. Davis, a tribute for his devotion to Baker University. On the gold head was inscribed, "Presented to W. R. Davis, D. D., by the students of Baker University, June, 1873."

June, 1873. Catalogue for this year shows a four-year classical course in College, preceded by a two-year course in the Preparatory Department. Also a Scientific Course of one year in the Preparatory Department followed by three years in college work. All the studies are arranged as prescribed.

June 20, 1873. From communication by the President of Board of Trustees:

"Baker University has just closed its Fifteenth Annual Commencement Exercises. Three more are now added to the Alumni of this institution, which has already done so much for education and religion in this young and prosperous commonwealth.

"The following questions are now definitely settled: 1. That the University must remain at Baldwin City. 2. That the school must continue in operation. 3. That no more indebtedness shall be incurred. 4. That all debts outstanding shall be paid as fast as possible.

"It must be apparent to all, that in order to pay our debts we must continue the school. And yet it would be more than hazardous, it would be disastrous, to continue the school by increasing the indebtedness. This must not and shall not be done.

"Then, in order to run the school and save the University to the Church, we must in some way pay our expenses as we go. In order to be able to do this, the Board have decided to make a vigorous effort to secure, by subscription, the tuition of a sufficient number of students in advance to secure the salaries of the teachers. The tuition thus subscribed is to be paid in three equal installments, corresponding with the commencement of each of the three terms. The tuition will not be less than \$6, nor more than \$8, per term; making in the preparatory \$18, and in the college classes \$24 per year. This is a small amount, and being paid in three installments, makes it easy for all, and still this arrangement will enable the Board to pay the Faculty in advance each month. This plan was introduced on the 18th of June. The people thus far have responded nobly. If the presiding elders will co-operate with us heartily, we can commence the next term with one hundred and fifty students. Will they do it? The people are ready to take hold of the work if the subject is properly presented to them.

"I am now prepared to state a fact that of itself should move every Methodist heart in Kansas, and cause all to do the full extent of their ability to sustain and build up this University. Since the close of the last term the Executive Board have been able to secure the services of Prof. Weatherby, Prof. M. V. B. Knox and Mrs. Prof. Knox, and they make the following, more than magnanimous, offer, viz: Each one proposes to donate the one-half of the salary for the ensuing year. Prof. Weatherby has been here for three years at a great sacrifice. He now has two or three different offers at \$1,200 each, but he proposes to remain at Baker with a salary of \$1,200, and donate one-half of it out and out, thus serving us for \$600 actual pay. Prof. Knox, with a salary of \$1,000, proposes to donate one-half of it. Mrs. Knox, with a salary of \$800, donates one-half of that

ANNALS

amount. There are parties ready to take the chair in mathematics at a salary of \$1,000, and donate one-half of it. These salaries are no more than they are offered elsewhere, and none of these persons are wealthy, but on the contrary, they are obliged to labor for a livelihood. And yet these four teachers give us for the coming year \$2,000! If they are ready thus to make sacrifices for us, ought not we, as Methodists, each of us to subscribe the tuition fee of at least one student, and pay something besides toward the payment of our indebtedness? In addition to the above offer, Mrs. Knox pays for printing catalogues \$40, thinking that the circulation of the catalogues will benefit the school more than to pay the tuition of two students. When one-half of the Methodists of Kansas manifest a disposition to aid the enterprise as these teachers are doing, Baker will be made a grand success. Indeed, it will not require, in the way of sacrifice and offering, anything like what these teachers are doing. One dollar per member will more than pay our indebtedness, and the tuition of one hundred students will pay the running expenses for the ensuing year. Brethren, let us do this, and then we can soon secure an endowment."

------	------	--------------------------------------

PROFESSOR OF ELOCUTION AND ORATORY

1890	1891	*GEORGE WASHINGTON HOSS, A.M., LL.D.
1891	1893	VIRGILINE MULVANE.
1895		ALFRED EDGAR LEACH, A.B.

PROFESSOR OF HISTORY

1891	1894	*IDA ANNA AHLBORN, M.L.
1894	1896	SAMUEL ALEXANDER LOUGH, A.M.
1896	1899	GUY POTTER BENTON, A.M.
1899	1900	EDWIN OGLESBY GRIMES, A.M.
1900	1902	REV. ALBERT CORNELIUS KNUDSON, A.M., Ph.D.
1902	1914	†REV. HARMAN JACOB HOOVER, A.M., Ph. D.
1912	1914	THOMAS LEGRAND HARRIS, A.M. (Acting).
1914		THOMAS LEGRAND HARRIS, A.M.

PROFESSOR OF MILITARY SCIENCE AND TACTICS

Mar. 1894	1898	ERNESTE VIRGIL SMITH, 1st Lieut. 4th U. S. Inf.
1898	1900	‡WILLIAM FRANKLIN CLARK, 1st Lieut. U. S. Cav.

PROFESSOR OF PEDAGOGY

1899		LILIAN SCOTT, A.M.
------	--	--------------------

DIRECTOR OF MEN'S GYMNASIUM

1899	1903	ARZA BRACKEN FOGLE, A.M., <i>Director of Athletics.</i>
1901	1903	ARZA BRACKEN FOGLE, A.M., <i>Instructor Physical Training.</i>
1903	1904	JOSEPH F. REISNER, <i>Instructor Physical Training.</i>
1904	1905	GEORGE R. STROHM, <i>Instructor Physical Training.</i>
1905	1906	A. A. BERSIN, <i>Instructor Physical Training.</i>
1906	1907	HENRY C. YOXALL, <i>Instructor Physical Training.</i>
1907	1910	HENRY C. YOXALL, <i>Professor Physical Training.</i>
1910	1913	LOUIS DANIEL SCHERER, B.S., <i>Professor Physical Training.</i>

†Absent on Health Leave, 1912-14.

‡Absent on duty in Cuba, 1899-1900.

FACULTY

1913	1915	EDWARD CLARK GALLAGHER, B.S., <i>Professor Physical Training.</i>
1915	1916	THOMAS DUDLEY SHEPHERD, A.B., <i>Professor Physical Training.</i>
1916		KARL A. SCHLADEMAN, A.B., <i>Professor Physical Training.</i>

DIRECTOR OF WOMEN'S GYMNASIUM

1901	1906	ADA GERTRUDE HEATON, <i>Instructor Physical Training.</i>
1906	1913	†ADA GERTRUDE HEATON, <i>Professor Physical Training.</i>
1912	1913	DELINDA E. YAWMAN (Acting) <i>Professor Physical Training.</i>
1913	1915	DELINDA E. YAWMAN, <i>Professor Physical Training.</i>
1915		JEAN COSSAR EWART, A.B., <i>Professor Physical Training.</i>

PRINCIPAL OF ACADEMIC DEPARTMENT

	1858	1861	*BENJAMIN RUSH CUNNINGHAM, A.M.
Apr.	1868	Dec. 1868	*REV. HIRAM P. SATCHWELL, A.M.
	1886	1887	ALFRED DOCKING.
	1887	1893	OSMON GRANT MARKHAM, A.M.
	1893	1895	GEORGE WILLIAM MARTIN, A.M.
	1895	1901	OSMON GRANT MARKHAM, A.M.
	1901	1902	REV. ALBERT CORNELIUS KNUDSON, A.M., Ph.D.
	1902	1905	SCOTT ELIAS WILLIAM BEDFORD, A.B.
	1905	1907	GEORGE FOX COOK, Ph.D.
	1907	1908	BERTRAM EVERETT MCPROUD, A.M.
	1908	1909	CURVIN HENRY GINGRICH, A.M.
	1909	1914	WALTER AMOS COOK, M.S.

PRINCIPAL OF NORMAL DEPARTMENT

1880	1884	REV. WILLIAM IRWIN GRAHAM, A.M.
1894	1911	LILIAN SCOTT, Ph.B.

PRINCIPAL OF COMMERCIAL DEPARTMENT

	1889	Jan. 1894	*SAMUEL EDWIN ROBERTSON.
Jan.	1894	Mar. 1899	‡*WILLIAM NEELY SIMPSON.
Mar.	1899	Mar. 1899	*— LAW.
	1899	1912	FRANK EZRA WOLF, A.B.

INSTRUCTORS IN HOUSEHOLD ARTS

1911	1913	NELLE JANE CAMPBELL.
1913	1914	GRACE DOGMAR KRISTOFFERSON.
1914	1915	EMMA JEFFERY.
1915	1916	KATHERINE MARTINDALE, A.B.
1916		VELMA PHILLIPS, Ph.B.

INSTRUCTORS OF FRENCH LANGUAGE AND LITERATURE

1912	1913	ANNA DOWNEY PORTER, A.B.
1913	1915	KATHERINE DENISE WOLLASTON, Ph.B.
1915		SOPHY DEARBORN PARKER, A.B.

INSTRUCTORS

Apr.	1872	June 1872	*ALPHEUS A. B. CAVANESS.
	1883	1884	ELIZA ARMSTRONG TELFORD, A.B., <i>English and Latin.</i>
	1889	1890	EVA MAY PIERCE, B.S., <i>English.</i>
	1890	1891	LAURA L. EWING, <i>Greek.</i>

†On leave of absence, 1912-13.

‡On leave of absence, in Advanced Study, 1896-97.

- I. First year opened Nov. 22, 1858, with about 20 pupils. By the close of the term there were enrolled about 50. The number enrolled, including the District School, was about 100. See catalog 1863.
- II. Report of Conference 1860.
- b* Also French class of six, but think these were already counted.

c These are also enrolled in other departments.
d Enrolled only in Music.
e From President's Report.
f From minutes of Kansas Conference Report of Committee on Education.

¶ The basis of classification from 1882-1891 appears to give student his classification for the prospective year rather than current year.

g Total enrollment by names not given.

h Duplicate names not excluded.

i Total enrollment and may exclude duplicates.

j Names and enrollment not given.

* The basis of classification is changed in this issue from prospective to current year. If former method were used the college enrollment would year be 140.

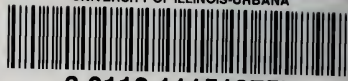

i Enrollment includes all students that have matriculated between March 1, 1895 and March 1, 1896. A like method is employed for the years up to and including 1906-07.

No record for enrollment for Academic year 1895-6, 1896-7, 1897-8.
